Dear Sir/Madam

RE: Application for the position of Engineering Manager – Electricity Regulation

The advertisement for the subject position with your organization sparked my interest. When reviewing the position requirements, I was excited to find that my qualification and personal strengths align with your needs.

I am a passionate engineer looking for an opportunity to develop my professional skills and contribute to the development of your organization. It is my determination, passion and wish to serve your organization with due diligence and honesty. I have a deep interest in data science, information technology, quality, reliability and environmental management and I'm confident that if given the chance to be part of your staff I will not disappoint but will add the much-needed value. It is my aim to make and be part of a successful team that is directly involved in making the goals and the vision of the organization a success, as I believe I have a role to play in making things a success.

I am looking forward to joining your team of devoted and hardworking staff members. Please find attached copies of my detailed curriculum vitae and my academic qualifications which I hope will meet your requirements.

Thank you,

Yours faithfully

Wandile Dlamini
